

IS BUDDHISM AND THEISTIC

Declares Dr. Ross About Christian Science.

IN SECOND SERMON

Dealt With Teachings of Mrs. Baker C. Eddy.

"Christian Science under the searchlight of the Holy Scriptures" was the subject of a strong sermon by Rev. J. Ross in James Street Baptist Church last evening, during which he characterized Christian Science as a form of Buddhism, and atheistic in its tendency. The sermon was based on the text Timothy vi. 20-21. "O Timothy, keep that which is committed to thee, avoiding profane and vain babblings, and oppositions of science falsely so called; and which some professing have erred concerning the faith. Grace be with thee."

In opening, Rev. Mr. Ross referred to the sermon of six weeks ago, in which he dealt with certain phases of the Christian Science system, at which time he declared that it denied sin. He announced that since preaching the sermon he had received many letters from Christians who were of the opinion that he had been mistaken in his declaration that Christian Science denied sin. The speaker declared he did not wish to retract his statement of the last sermon. He still believed that it was correct. And a study of the doctrine as outlined by Mrs. Baker C. Eddy and as published under the caption, "Science and Health," had convinced him in his belief. A small pamphlet had been forwarded to him, in which was the only direct admission that sin was believed there could be sin. It was a dialogue of questions and answers, and the question had been asked why the practitioner charged for treatment. The answer had been that if the treated person were able to pay and did not desire to do so, it showed the sin of selfishness and greed. But still Christian Science denied that there was a sin.

That system denied that hypocrisy as referred to in the Bible was a sin, yet the practitioner in charging for treatment was receiving financial reward for curing what the Bible teaches is a sin. The speaker pointed out that the system taught that God is all in all, and that everything that the human body is justified in worshipping the stars, the fire, because if God is everything he is the snake, the star and the fire. But the Bible teaches that God is all in all, and that everything that the human body is justified in worshipping the stars, the fire, because if God is everything he is the snake, the star and the fire. But the Bible teaches that God is all in all, and that everything that the human body is justified in worshipping the stars, the fire, because if God is everything he is the snake, the star and the fire.

The Bible does not teach that God is all in all. The Bible says that Christ is a spirit in every believer. If God is all in all, he would be the Creator of the man. The Bible says that God is not in the devil. No, the Bible does not say that God is in all. I believe that God made the devil, but the devil rejected Christ and remained himself. If you accept the first statement of Christian Science, you begin to err and lose your faith.

Christian Science denies the personality of God. Then God cannot think, feel or do. God, they claim, is a mere principle and not a person. "Christian Science claims that the three Persons in one suggest atheism. God is but a divine principle. And nothing exists but mind, and the mind is God. Two thousand five hundred years ago a man in India, Buddha by name, founded a doctrine that was a principle of error. It was Buddhism, and the fundamental idea of Christian Science is that Buddhism, denying the personality of the true living and loving God. The atheist believes in it. He says I don't believe in it. But the atheist denies the personality of God and in his fundamental idea does not believe in the personal and sympathetic God, and so it is Buddhism and atheism.

Christian Science teaches that Mary's conception of Christ was spiritual. That the virgin mother conceived the idea of God and gave to her ideal the name of Jesus. Christian Science tells us that an ideal is an image of the mind, according to Mrs. Baker C. Eddy. The conception of Christ was mental—a mere ideal of Mary. Jesus was the offspring of Mary's self-conception to God. And yet the Bible says that Mary came to Bethlehem and brought forth her first-born son and that she wrapped him in swaddling clothes and laid him in a manger. Was that an ideal? The Bible says that when the Child was eight days old they circumcised

him and called him Jesus. The wise men came from the east and brought incense and myrrh and also worshipped him. How does that compare with Christian Science? It is entirely opposed.

Christian Science, through Mrs. Baker C. Eddy, taught regarding Christ's life that he was infallible as a spirit, but as the material Jesus was not Christ. They taught that Jesus was under control of the mortal mind; that Jesus called the disease leprosy by that name because the people thought there was such a disease. "And yet the Bible teaches us that when Jesus rose from the dead, and appeared before his disciples, they thought it was his spirit. But he said unto them: Praise Me. And they felt his flesh and bones. Yet Mrs. Eddy says there could be no such thing as a spirit. If Jesus did not have flesh and bones as you and I have, did he not lie? asked Mr. Ross. "Was he not guilty of deceiving the people and lying to them?" But Jesus never lied.

"Christian Science teaches us that was not real; that it was not a spiritual death; that the death of Christ was not real; that it was a sacrifice for sin. It teaches that one sacrifice could be sufficient, that no atonement requires self-sacrifice, and that the shedding of the material blood of Jesus was not more applicable to cleanse from sin when it was shed on the accursed tree than when it was shed through his veins. Christian Science denies the sacrificial death and bloodshed of the blessed Lord. And yet the Bible says that without the shedding of blood there could be no saving. According to Christian Science there could be no shedding of blood, because there was no blood, no veins or flesh to form the body of the Saviour. They teach that the resurrection was the ascending of thought. They deny the resurrection of the body. His disappearance and reappearance was in idea only. The resurrection was the spiritualization of thought. Jesus the Christ at the Ascension was the true Christ. Christian Science and you have no Saviour. Christian Science denies every fundamental doctrine of the Christian faith; denied justification from sin; can't believe in justification because there is no sin; denies regeneration of the heart; denies the doctrine of the intermediate state between death and resurrection; denies the resurrection of the righteous and the unrighteous; denies the judgment as there is no sin. And yet according to the Bible it is appointed unto every man once to die and after death the reward of every man must appear before the judgment seat of Christ to give an account of what he has done in the body, whether he be good or bad."

"Christian Science teaches that the resurrection of Christ is the coming of Christian Science into your life. And any person in this congregation who does not accept Christian Science believes that the second coming of Christ has taken place in their being. But when Christ comes and places one foot on the land and one foot on the sea he will say: Behold my hand. It was all for thee. Behold my side. It was all for thee. Accept Christian Science, and you must deny Christian Science. Accept Christian Science, and you must deny Christianity and the real Christ."

LIVELY BELFAST SCRAP.

March 29.—Eighteen three uniformed United Volunteers were attacked near Carrick Hill by a mob of Nationalists. The mob dispersed the attacking party and there were no further disorders. One of the volunteers was injured and injured that he had to be conveyed to a hospital.

RUIN FOLLOWS SLIDING MOUNTAIN.

TAIN, France, March 29.—A large section of a mountain has become detached by seismic disturbances and is slowly sliding down the valley, sweeping over everything in its path. Already a number of farms and cottages have been blotted out, and the high roads from Brive and Lantelat have been destroyed for more than half a mile.

Heavy rainfalls indicate that the mass is gaining impetus, and the inhabitants are fleeing from the area. Government engineers are seeking a means to limit the extent of the disaster.

"Catarrh" Prevents Bad Colds Strengthens Weak Irritable Throats

Employs Nature's Own Methods and is Invariably Successful

Few will escape a cold this winter, but few may cold run out to Catarrh. Neglected Catarrh is the straight gateway to Catarrh. Catarrh is a germ-killer—destrues microbes that cause Catarrh. It heals and soothes, relieves the rough, gives throat and lungs a chance, cleanses the nostrils, clears out the sinuses. You feel better in an hour. In a day you're greatly relieved, and in a week the entire Catarrh is all yours well. No treatment so direct. Catarrh

NEWS OF THE DAY IN BRIEF

Serious Outbreak of Rabies in Arthur Township.

JAP. PREMIERSHIP

Sir Hubert Herkomer, Painter, Seriously Ill.

Kingston is going to have a big celebration for Old Boys' week, July 27 to Aug. 1.

Sir Hubert Von Herkomer, founder of the Herkomer School of Art, is seriously ill in Britain.

Rev. T. J. Siles, rector of Trinity Church, Cornwall, has been appointed to St. Alban's, Ottawa.

Captain Timothy Gilhuly, one of the oldest and most respected citizens of Wallaceburg, died Friday night.

A serious outbreak of rabies has occurred in Arthur Township, and all dogs have been ordered to be kept on leashes.

Senator Sir Lyman Morris Jones announces the break with the party on the policy of free agricultural implements.

The body of Harold Mathew, a nine-year-old Lambton Mills boy, was taken from the Humber River several days after the drowning.

Sir John Williamson in a Toronto church urged the establishment of labor bureaus throughout the Dominion and a minimum wage.

Prince Henry of Prussia, brother of the Emperor of Germany, and the Princess Henry of Prussia, arrived at Buenos Ayres from Rio Janeiro.

A workman in the Kingston Wall & Co. factory, carrying an electric lamp near an engine, received a shock which killed him almost instantly.

The Canadian Manufacturers' Association of the west end of the province is organizing for the purpose of protesting against features of the proposed workmen's compensation act.

The restaurant and confectionery store owned by Mrs. Burns-Hamilton and his assistant, was completely destroyed by fire at Mount Forest.

The contract for the second section of the western end of the Trent Valley Canal between Lake Simcoe and Georgian Bay was awarded to a Toronto firm for \$712,500.

The Toronto Hydro-electric system made surplus profits of over \$250,000 last year, but the rates will not be reduced because \$1,000,000 is needed for a steam reserve plant.

A dispatch received at Madrid from Barcelona says that an attempt was made to assassinate Jose Antonio, former President of Valencia, at Casa Torres, where Zelazky resides.

The level of Lake Champlain has risen four feet within the last 24 hours. Should the rapid thaw now in progress continue, the worst flood in the history of the region will result, it is said.

A natural gas explosion wrecked the house of "Toby" Briggs, of Wallaceburg, and his wife, who was spending the night with a neighbor, as his goods were all packed ready for moving.

The Liberal party in Manitoba has pledged itself to banish the bar and to grant women suffrage on a petition of adult women equal to 15 per cent. of the vote in the previous general election.

The Marine Construction Company's boathouse at the foot of York Street, Toronto, was totally destroyed by fire. The loss is estimated at \$5,000, to the building \$2,500 and to stock \$1,500. The loss to private individuals will be small.

While W. Valovirta, the governor of the Green National Bank, was steering his motor boat in Placentia Bay, he collided with a sailing vessel.

Three killed in feud. Little Rock, Ark., March 29.—Three men were shot and killed and a woman probably fatally wounded as the result of a feud at Nogo, Ark., thirty miles north of Russellville, Ark., according to dispatches received here.

The dead are: Francis McGuin, 37; Hart and John Church. Mrs. John Church was killed.

The feud, it is said, started over the right to use Government land.

The Confessions of a Wife

Aunt Mary Decides

CHAPTER XXV

After Dick had gone to carry out Aunt Mary's charitable idea of a tea party to her room and found her sitting beside the window with her hands folded in her lap and her eyes fixed on the floor.

When we arrived at the house he found the lawyer there and Uncle John's will was read that Dick was to have the house and the furniture.

"Oh, I do hope that I will find her and her husband, but I am afraid I shall never see them again."

"He will, dearer Auntie," I answered.

"Margie," she continued, "I have been thinking about what I am going to do and I have decided—and I think you and Dick will agree with me—to just shut up the house and go and live at your hotel for a while."

"I don't want to break up this house, for I may want to come back here and live, and, besides, I could not bear to begin packing up just now."

"What do you say to having me go home with you and Dick tomorrow and get a room and a bed for myself?"

"I am going to adjust myself to living alone."

"I was wishing that you would do that, Aunt Mary," she said.

"An affair that Dad and Mother Waverly will feel that you should be able to handle."

"I am afraid that I shall not be able to handle it, but I will try."

"Of course we want you, dear Aunt Mary, and if you are not too tired to pick up some of your treasures—"

"I am not too tired to pick up some of your treasures—"

"I am not too tired to pick up some of your treasures—"

Climbers Beat St. Kitts The Idlers Won From St. Andrews--English Soccer Results

Climbers Won From St. Kitts team in Semi-Final Game

Idlers Also Won But Were Lucky to Have a Seven-Point Lead--St. Andrew's Fast.

Hamilton basketball lovers turned out stronger on Saturday night at the C.M.C. than ever before this season to see the two Hamilton teams who are fighting for O.B.A. honors take their opponents into camp and by so doing both the Idlers and Climbers went another step further towards the championships and if they are successful in defeating the London teams in the play-off, which they should do without any great trouble, Hamilton will have two O.B.A. championships here this season.

The Climbers and the fast St. Kitt's team played the first game and judging from the form that the local boys showed on Saturday night, it is a great wonder how the St. Catharines team beat them by six points in last week's game. The class of basketball that the junior aggregation showed up was far superior to the game played by the two intermediate teams that played in the second game. Their shooting was more accurate and their checking was better than ever this season. When the game started the Climbers had a five-point lead to overcome and after the first few minutes of play they had secured the five points and led the St. Kitt's team on the defensive for the rest of the game. Such combination work has seldom been witnessed here and it is safe to say that it would take a good intermediate team to beat the Climbers that is representing Hamilton this year in the O.B.A. race. The Climbers checked the visitors so close that they were unable to make a shot of any kind and it was after the Climbers had slackened up that the visitors got their points. Every player on the Climbers team figured in the scoring in the first half and to pick a star would be almost impossible. Sammy Nieman was by far the best player on the floor and the way that this boy checks his man is an impossibility for his opponent to score a basket he is on him all through the game and also looks after the other boys who look dangerous with the ball. The first half was featured by St. Kitt's playing and when the visitors were second 24 to 2 in favor of the Climbers.

In the second half the game was not so fast and was more even. The St. Kitt's team began to show their form and scored fifteen points while the Climbers scored 27. For the winners, McQueen played very well, scoring no less than sixteen points and his shooting could not be improved on. Burton also played a diminutive forward men played their important part in the second half. The Climbers made a good game and some of his boys were made from the play. For the visitors Gayder and Hanson were the stars but check checking kept them from doing any damage.

The teams lined up as follows: Climbers (4)—Burton, Dick, Hillock (4), Fordson (4), and Neilman (6), defence. St. Kitts (11)—Pupple (4) and Burton, forward; Hanson (7), centre; Blain and Hanson (6), defence. The Idler-St. Andrews game was closely contested. Britton, Lawry and Howell, defence. The Idlers, Thompson and Cullivan, forwards; Cannon, centre; and Cannon, defence.

Francis Oumet Sails for England
Champion Golfer Will Meet Best European Golf Players.

Boston, March 30.—Francis Oumet, the youthful holder of the national open golf championship, sailed Saturday on the steamer Glasgow, to meet his nerve and skill with the best of the European golfers over the famous courses of the British Isles and France. In his first handicap round, Oumet won the famous British professionals, Francis and Ray, will be getting in trim for the British amateur championship tournament over the Sandwich course, on May 18 and 20.

The first competition in which Oumet will engage will be for the historic St. George's Champion Grand Challenge Cup, which is contested by 15, the player making the best aggregate score in the four rounds winning a silver medal and the trophy. Immediately after engaging in the historic amateur championship, Oumet will leave for the Continent to take part in the French amateur championship at La Bousle, which he will win. Later he will make a tour of the Scotch courses in preparation for the British open championship at Prestwick, June 18 to 20.

Inman Retains Title

London, March 30.—Melbourne Inman retains the championship of the British billiards. In the final contest of the title series, which ended Saturday night, he defeated Thomas Gray by a margin of 5,174 points. The total scores were, Inman, 15,800; Gray, the Australian; Henry W. Stevenson and Thos. Reace challenged for the title. The Billiards Control Club arranged that the challengers should play in a series of three of 9,000 points and

ing. Neither team had any great advantage and the score was close right from the start. The Idlers took the lead at the commencement and held it for the greater part of the contest, although once or twice the Saints were leading by a couple of points. The closeness of the contest made it all the more interesting and the excitement at times was at fever heat. The Idlers had a seven-point lead from the game played in Toronto on Wednesday night. More than once it looked as the visitors might overcome this lead and win the title and go into the finals, but the Idlers were equal to their task and held them down.

Both teams were shooting well and as a consequence, if either team got a lead, they were sure to lose it. The check checking did not allow this very often, which accounted for the close score at the end of the game. In the first half the Idlers had slightly the edge, but the Climbers, who had a two-point lead at half-time, the score being 15 to 13, but things were just reversed in the second period, and the Toronto team had a one-point lead on the second half.

The game was a very close one, however, that they were unable to overcome the lead which the Idlers had gained in the first half. The Idlers themselves, with almost tying the game, but did not show as well as the intermediate teams played on a local in some times, and the Idlers were unable to enter the finals with London.

Johnson played the star game for the Idlers. Both his checking and shooting were perfect, and he was good on the play, with the result that on two during the entire game, W. Smith was also good, while the defence playing of E. Smith, W. Vogt, S. Crocker and C. Weatherall could have been improved upon. For the Climbers, the best players were good, both these players are good, the Idlers played very well, but the game, Douglas, Garrett, Russell and Pale played strong check checking games, but did not show as well as usual, which was accounted for by the hard checking of the Idlers.

Idlers (27)—Forwards, Johnson (15) and W. Smith (8); centre, E. Crocker and W. Vogt (2); Smith and Weatherall. St. Andrews (23)—Forwards, Douglas, Garrett, Russell and Pale played strong check checking games, but did not show as well as usual, which was accounted for by the hard checking of the Idlers.

After the games the players were entertained to a supper by the officers of the Y. The Idlers on the Idlers and the Climbers were also entertained to a supper. It is likely that the Idlers and Climbers will play the first game of the final home and home series in London on Wednesday night.

London Presbytery Senior Basketball
Representatives of the C.M.C. and a senior church basketball league game played at the C.M.C. floor. The Zion branch of the C.M.C. won the game in every round.

Ottawa Club Gets the Next Regatta
The association, which has been in existence for one year, is subsidiary to the Canadian Association of Amateur Rowing Association of Canada was held at the Royal Victoria Hotel on Saturday afternoon, at which the following clubs were represented: Lachine, Ottawa, Britannia, Hamilton, Argonauts, Sons, St. Catharines.

The chairman of the present was R. M. Schram, St. Catharines; R. T. Steele and J. W. McMillan, Hamilton; T. A. Murphy, Don; Phil Boyd and W. D. Greer, Argonauts. The report was made by the secretary of the association, which was a most satisfactory state of affairs, financially and otherwise.

Will Try Once More for Affiliation

Pro. Soccer League Will Make Another Request of O. F. A.

One of the most important meetings in the history of the Eastern Professional Soccer League took place on Saturday. The principal matter for discussion was affiliation, and the Hamilton and Toronto clubs were fully represented. Disgusted with the terms which the O.F.A. had laid down, definitely with regard to the minimum wage, a ruling which no similar association had enforced, and which had the effect of preventing the professional players from leaving the professional body, the Toronto clubs recommended the league to withdraw the application for affiliation. The Hamilton club, on the other hand, requested that another request be made. There was a very free discussion on the matter from both points of view, during which it was pointed out that the minimum got over, and that affiliation at the same time was granted. On April 11, the league decided unanimously to request the O.F.A. to grant the request.

Hamilton and District Referees' Association submitted its rules, which were approved, and the secretary was requested to arrange with the O.F.A. Referees' Association to be held at this end. Hamilton opens the season on Good Friday with a friendly game for the second and third place. Toronto matches will be played at Scarborough Beach Athletic grounds. The players of the Hamilton team will turn out on Saturday for their first practice. On April 19 Toronto City and Queen City will have a home game at Hamilton. The schedule was drawn up for the first month of the season. The schedule was drawn up for the first month of the season.

Chicago Cubs Team Will Likely Be Sold to Herbert Mills

Charles Taft Has Fixed Price and Is Waiting Word From Mr. Mills

(By Times Special Wire.)
Cincinnati, Ohio, March 29.—A local sportsman, who is said to be representing Herbert Mills, of Chicago, has opened negotiations with Charles P. Taft for the purchase of the Chicago National League baseball club. A price has been fixed and Taft is awaiting a final answer from Mr. Mills.

(By Times Special Wire.)
New York, March 30.—The baseball season for Greater New York will open on Thursday, when Frank Chance's American League team will clash with the Dodgers in the first of five games at the Polo Grounds. The Dodgers will have the home advantage, but the Cubs are expected to make an early bid for the franchise. The Cubs are expected to be the first to bid for the franchise. The Cubs are expected to be the first to bid for the franchise.

Midge Craven Lacks Good First Sacker

St. Thomas Manager Will Trade Pitcher for First Baseman.

St. Thomas, March 29.—Being strong in his pitching department, with more than enough to know what to do with and why a first baseman, Manager Midge Craven stands ready to trade his best pitcher for a first baseman. The manager is looking for a first baseman to replace the one who was traded to the London club for a first baseman.

Manager Relating has two first sackers in his department and another who is being given a trial next week, and if the St. Thomas leader gets in touch with the London club at Caldwell a transfer may be made.

Former Manager, Orl of the St. Thomas club, just returned from Toronto, where he was tendered a contract by President Kermitt, of the Toronto club, to play for the team. The manager is looking for a first baseman to replace the one who was traded to the London club for a first baseman.

BILLY WRIGHT HITTING.
Billy Wright, who was purchased from President George O'Neil, of the Erie club, is being given a trial next week. The manager is looking for a first baseman to replace the one who was traded to the London club for a first baseman.

And Was Arrested on the Charge of Assault.
Lad Was in Wreng Also and Rowe Got Freedom.

With more spirit in his hold than he could properly have, the lad was arrested on Saturday night. The lad was in a wreng also and Rowe got freedom.

William McCarthy, Barton street, was arrested on Saturday night. The lad was in a wreng also and Rowe got freedom.

VERY BAD ROAD HARRY DEARVIS

Proposal to Build Right Through Haldimand

Cheltenham, March 29.—The Village Council held their regular monthly meeting in the Town Hall Friday evening. With the exception of the passing of the usual accounts, nothing of importance took place. The Council, however, decided to put considerable work on the road this summer, which is good news, as they certainly need it badly.

The recent heavy rains have put the roads in a very bad shape, which will greatly interfere with business. The water in the Grand River is rising rapidly, and it is expected the ice will break now in a few days.

STRAIGHT REPEAL Is President Wilson's Demand in Tolls Exemption

Denies Story of a Bargain
With Britain.

(By Times Special Wire.)
Washington, March 30.—President Wilson today emphatically characterized the exemption as a subsidy, and pointed out that one plank in the Baltimore platform expressed opposition to any subsidy, direct or indirect.

The international situation, it was a subsidy. The President explained that, even if the exemption was a subsidy, it was a subsidy. The President explained that, even if the exemption was a subsidy, it was a subsidy. The President explained that, even if the exemption was a subsidy, it was a subsidy.

THE DEPEW STRIKE
Negotiations Between Com-
pany and Men Fail.

(By Times Special Wire.)
Depew, N.Y., March 30.—The failure of Superintendent Hayden, of the Gould Copper Works, to reach an agreement with the strikers at the conference which ended early to-day, apparently places an amicable settlement of the controversy out of the question, and both sides are preparing for a long strike.

President S. E. Cooper presided on behalf of the members. Mr. Keiser presented Mr. Cooper with a commendation as a mark of esteem and appreciation for the work he had accomplished for the order.

The business concluded, musical refreshments were the order of the evening, a very pleasant time was spent by those present.
